

HARDRADA

TESTIMONIALS

“Hardrada bring a high energy rock show with a bluesy twist. Performing an all original set an several of our original showcases, Hardrada reminds us what’s best about the Louisville music scene.”

-Billiard Club Louisville

“This trio is very professional, prompt, personable and above all else talented. You can clearly see the passion they have for music when they perform. Hardrada always bring a crowd and the people who are at our space without being there for the show really enjoy them and always ask me about them and when they are coming back... It is very apparent that these young guys are starting somewhere but are bound to do great things. I will always be a supporter of them and am excited for their future.”
